

# Apple MLTI iPad Resource Connection

This is the third of a series designed to keep Apple MLTI educators informed of possibilities for enriching their use of Apple MLTI tools in their classrooms.

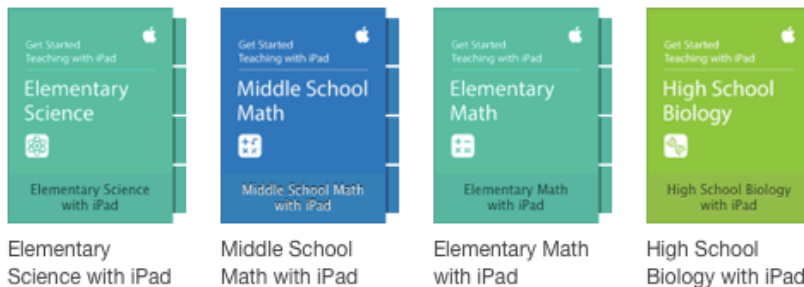

## Tools for Teacher

[Tools for Creative Educators](#) - Start the new school year right, and head to the iOS App Store to see what you can find to help you do what you do in a new and better way. Categories include The Basics, Time Savers, Class Projects, Get Inspired, and Reference.

## TOOLS FOR TEACHERS

## REPEAT: Growing collection in the "Teaching with iPad" Series

[This collection](#) has been highlighted before, but it simply keeps getting better, with a growing collection of lesson ideas in the form of iTunes U courses. Elementary, middle, and high school specific iTunes U courses contain innovative and effective ideas for using iPad in the classroom. Each course contains discussions of how various types of content can be utilized, specific lesson ideas, and a collection of resources for ongoing learning. Certainly worth a visit — or re-visit!

## Elementary, Middle & High School Resources by Course

[This collection of iTunes U Courses](#) has been developed by top Texas classroom teachers — educators committed to making sure all students have direct access to the best resources available to support achievement in core areas. Supported by the Texas Association of School Administrators, topics include Science Grades 3 - 5, Algebra 1, and various CTE topics.
